

BMSINSTITUTE OF TECHNOLOGY AND
MANAGEMENT
YELAHANKA – BANGALORE - 64
DEPARTMENT OF Artificial Intelligence and Machine Learn

ACTIVITY 1:

Report on AICTE Activity Points: Visit to Yeliyuru Grama Panchayat: 3rd Nov 2019.

**Scheme: National Initiative on Swachha Abhigyana
Total Number of Students attended: 46**

Staff who joined the activity:

Dr Bharathi Malakreddy

Dr Anupama H S

Students were asked to assemble in the BMSIT&M campus at 8:00AM on 3rd Nov 2019. All the students were asked to get their gloves, first aid related materials, lunch and other stuff which they feel that it is required.

Left the campus at 8:45AM towards Yeliyuru to clean up the village. Total of 46 students were present out of 57. We reached the village around 10:00AM. Grama Panchayat member was already present their to receive us. They provided all the materials which are required to clean the village like brooms, plastic covers to pick up the dust, and so on. They were also told which area of the village to be cleaned. They had two temples in that village. We cleaned the surroundings of the temple area and also bus stand of that village.

Village people hospitality was very good. They have tender coconut to all the students and the faculty those who went to their village. After the bus stand clean up. They were asked to clean the Grama Panchayat area as they had election the very next day. It was neatly cleaned and was well appreciated by the village people for the work of our students. After we had lunch and left the village at 3:00PM and reached the college campus at 4:00PM. Students were asked to go from college campus well in advance. All the students left and staff who accompanied them also left after that.
