DEPARTMENT OF ARTIFICIAL INTELLIGENCE & MACHINE LEARNING

Featured talk series from "Department of Artificial Intelligence and Machine Learning"

Theme : "The World of Opportunities: Experiences, Challenges and Avenues "

With the dawn of a new world getting ready to embrace post pandemic eras, mankind is marching towards times of uncertainty, newer challenges, opportunities and unprecedented roadmaps to meet the economic, social, industrial and existential challenges. As a baby step towards adopting a guided and guarded charting of our future, the Department of Artificial Intelligence and Machine Learning, BMSIT & M, proudly introduces its newly crafted series of featured talks, with a broader theme of **"The World of Opportunities: Experiences, Challenges and Avenues "**.

The talks are focused towards drawing the attention of the academia/industry community and society at large, at the national and international levels, towards the areas of immediate relevance and importance, that would bootstrap the process of imminent change. The talks shall have veterans and leaders from a multitude of fields, from diverse geographies.

The speakers shall proudly share their stories of success and failures and also throw light on how we can shape ourselves to master the art of creating a pervasive and collective metamorphosis towards a better world of opportunities.

Talk shall broadly cover the following aspects:

- a. The Journey so far: The speaker's experiences**
- b. Technological/Behavioral/Skill level Challenges in the respective fields: Past, Present and Future - An Engineering Perspective**
- c. The Opportunities in years to come**
- d. Preparing for future**
- e. A sincere note of advice**
- f. Concluding remarks**

Topic : Challenges & Opportunities of Artificial Intelligence and Engineering in Defence Sector

Session Timings: Morning Session: 3.00PM to 5.00PM

Mode of FDP: **Online using Cisco WebEx.**

No.of Registered Participants : 198

Around **118 participants** participated in the inaugural session from **all over globe(National & International)**.

**BMS INSTITUTE OF TECHNOLOGY AND
MANAGEMENT
DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND
MACHINE LEARNING**

**FEATURE TALK ON THE TOPIC:
"CHALLENGES AND OPPORTUNITIES OF ARTIFICIAL
INTELLIGENCE AND ENGINEERING IN DEFENCE SECTOR"**

*Speaker: Group Captain Anoop Sood (retd),
Former Indian Air Force Officer,
Certified Psychologist*

3rd August 2020 3:00 pm to 5:00 pm

Includes Interactive Session after the talk
