BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT, BENGALURU

Department of Information Science & Engineering

Five Day National Level FDP on

“Mobile Application Development using Android OS”

6th April to 10th April 2021

In Association with

DIGIPIX Technologies & CSI India

BMS Institute of Technology and Management
Doddaballapur Main Road,
Avalahalli, Yelahanka,
Bengaluru - 560064.

About the Institute

BMS Institute of Technology and Management was established in 2002 under the auspices of BMS Educational trust with the vision of establishing a premier technical institute on par with international standards. It is recognized by the AICTE, Government of India and is affiliated to the Visvesvaraya Technological University (VTU), Belagavi, Karnataka, India. BMSIT&M offers eight UG, three PG programmes and Ph.D/M.Sc (Engg) in all disciplines

The Institute has well qualified and experienced faculty members, technical and supporting staff members. All eligible programs are NBA accredited and the institution is accredited by NAAC with A Grade. The Institute has well equipped laboratories, good infrastructure, teaching –learning aids, etc. which provides the right impetus to the growth of the students.

About the Department

The Department of Information Science and Engineering started in the Year 2010 with an approved intake of 60 and accredited by NBA, currently the department has an intake of 180. The Department has qualified and professionally dedicated faculty member practice OBE in the academic deliverables. The faculties have published research articles in various National, International Conferences and Journals.

The department has modern laboratories to serve the teaching and research needs of the students as well as faculty members. The Department has been organizing conferences, workshops, expert lectures, and student-centric activities to encourage students and faculty to instill lifelong learning. Few of our students are working for consultancy projects along with a few faculty members. The department is focussing to strengthen the student outcomes leading to meet their aspirations.

About the FDP

A major share of hand-held devices runs on the Android Operating System - which is open source and customizable. The Android Application Development Workshop provides participants technical training on the concepts and programming methodologies needed to develop applications for mobile devices. Participants will learn to use different android libraries. Instruction is aided with live projects which will allow learners to grasp concepts of the complete mobile application development life-cycle.

This FDP provides the state of the art knowledge to the faculty who would handle Mobile Application Development (18CSMP68) course for the 6th semester students as per VTU syllabus.

Objectives of the FDP

1. To provide faculty with theory and hands on experience in Mobile Application Development.
2. Enable participants to develop their own android applications.
3. Make Participants to understand the working of various android applications.

Resource Persons

The resource persons for the program are experts from academia and industry

Target Audience

Faculty members of CSE, ISE and MCA departments. Maximum participants are limited to 60 on first come first serve basis.

Course Material

Soft Copy of the presentation and software used in the program will be provided for all the delegates along with the certificate of participation.

Coordinators

Dr. Surekha K B, Associate Professor, ISE

Dr. Geetha Patil, Associate Professor, ISE

Dr. Veena N, Assistant Professor, ISE

Mrs. Mahalakshmi S, Assistant Professor, ISE

Mrs. Shanthi D L, Assistant Professor, ISE

Organizing Committee

Faculty members of department of ISE.
