DEPARTMENT OF CIVIL ENGINEERING

OPEN COURSE 2019-2020 EVEN

- The Department of Civil Engineering had organised an Open course on "Design of Environmental Systems" for 2nd and 3rd year students during 16th to 20th June. The open course was coordinated by Dr Rajesh Gopinath, Associate Professor & HoD and Mrs Prasanna Assistant Professor, Department of Civil Engineering. Ten experts gave talks on various topics like sustainability of environmental systems, Hazardous landfill management, Waste Water Treatment Systems and their design and other environmental systems. The topics discussed were beyond curriculum; the talks were very informative in terms of real life projects and case studies and were well appreciated by students.
