| 8 | Approached to the Civil Defence Unit | 19/01/2018 |

BMSIT&M students in forefront of Social Service

As the number of positive covid-19 cases increase every day, the society is in need of voluntary helping hands to assist in controlling the situation.

The students of BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT have joined their hands to provide such assistance for the well-being of the affected and those in need.

The student Volunteers, as Corona Warriors have dedicated their time and energy in the service of the society have worked in an initiative by Akshaya Patra in packaging essential grocery boxes for the poor, underprivileged and to those hugely affected by the virus across Karnataka, and also by monitoring social dis-

tancing, spreading awareness through posters in shops and lifts, collection and donation of food to daily wage workers in construction sites, and by donating sanitizers.

Under the guidance of the Associate NCC Officer, Lt. Rani Mysore Srinivas, NCC cadets and Civil Defence Wardens of BMSIT&M have undergone online COVID-19 training organized by Integrated Government Online Training, and have geared up themselves to get into action when summoned at the hour of emer-

gency. And have assisted in the BBMP WAR ROOM to reach out and have a daily check on positively tested patients who are under home isolation through the phone and to guide them and to help during emergencies as well as to lessen the mental devastation of patients during their recovery phase. The student volunteers have reached out to over 500 home isolated patients and are still continuing. We are grateful to our Principal, Dr. Mohan Babu G N for giving us this noble opportunity and constantly guiding and motivating us in our endeavours.

The students of BMS INSTITUTE OF TECHNOLOGY AND MANAGEMENT have been doing tremendous service to the society as responsible citizens of the country during this phase of pandemic.
