

BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT

An Autonomous Institute Under VTU, Accredited by NBA and NAAC
Yelahanka, Bengaluru-560119.

Name of the Club: IEEE Circuits and Systems Society(CASS) BMSIT student branch

Date of Formation:19 April 2025

Coordinators: Dr Banu Prakash R, ETE

Objective:

To foster innovation and hands-on learning in circuits and systems through technical events, projects, and collaboration among students passionate about electronics and embedded systems

Frequency of Meeting: One team meeting per month and an annual general meeting with all CASS members

Roles and Responsibilities:

The CASS Student Branch Society at BMSIT is committed to advancing student engagement in the fields of analog and digital circuit design, VLSI, embedded systems, and system-on-chip (SoC) technologies. The society is responsible for promoting awareness and interest in circuits and systems among students through workshops, seminars, competitions, and technical talks. It organizes hands-on sessions, encourages interdisciplinary projects, and facilitates collaboration with industry and academia. The society also supports students in research, skill development, and participation in national and international IEEE CASS activities, fostering a vibrant community of future engineers and innovators.
