About Melton:

The Melton Foundation, USA, a leading global organization is a network of fellows that promotes and enables global citizenship. By working together across boundaries of place and identity, Melton Fellows model global citizenship as a way for individuals and organizations to solve challenges in an interconnected world.

Sri B S Narayan, the then Donor Trustee, BMSET, in a meeting with Dr. William Melton, founder of VeriFone and head of the Melton Foundation during 1992 was successful to have BMS group to be part of Melton Foundation for the international student exchange programs that the foundation promoted. BMS is the only group in India to be chosen for this. The other global educational organizations partnering with Melton Foundation include Friedrich Schiller University (Jena, Germany), Zhejiang University (Hangzhou, China), University of La Frontera (Temuco, Chile), Dillard University (New Orleans, Louisiana, USA) and Ashesi University College, Berekuso, Ghana.
