Student Achievements – Department of Electronics and Communication Engineering

The Department of Electronics and Communication Engineering (ECE) at BMS Institute of Technology & Management takes immense pride in the outstanding achievements of its students at **national and international platforms**. These accomplishments reflect the department's strong emphasis on **Outcome-Based Education (OBE)**, innovation-driven learning, industry relevance, and experiential exposure. The achievements showcased students' excellence in **innovation, research, leadership, teamwork, and societal impact**.

Sl. No.	Academic Year	Student(s) Name	Achievement / Event	Level	Outcome / Recognition
1	2023–24	Alan Biju and Team (3rd Sem)	Smart India Hackathon (SIH) 2024	National	Winners: Project selected by the Ministry of Jal Shakti, Govt. of India , with ₹14 Lakhs funding and 1-year implementation opportunity
2	2023–24	ECE Student Team	IEEE YESIST12 – Grand Finale at IEEE UKM, Malaysia	International	Selected and represented the institute at the global IEEE innovation platform
3	2023–24	ECE Student Team	Project “SkyPulse”	International (IEEE)	Awarded a USD 8,100 grant from EPICS in IEEE for a socially impactful engineering solution
4	2023–24	Jayashree & Ananya	IEEE EMBS MSA Initiative Fund	International (IEEE EMBS)	Received USD 2,500 funding to organize “Mediverse” technical and healthcare innovation event

Collectively, these achievements captured through photographs and documented evidence illustrate the **holistic development of ECE students** in areas such as innovation, research, teamwork, leadership, and global engagement. The department continuously supports students through mentoring, access to advanced laboratories, participation in professional societies, and exposure to national and international competitions. These accomplishments stand as strong evidence of the department's academic rigor, innovation ecosystem, and commitment to producing industry-ready and socially responsible engineers.

Winners of Smart India Hackathon 2024 - Alan Biju and Team (3rd Sem)
(Their project has been selected for financial funding by the Ministry of Jalshakti, Govt. of India, worth 14 Lakhs and 1 year implementation)

One of the most significant achievements of ECE students is winning the **Smart India Hackathon 2024**, one of the largest innovation-driven competitions organized by the **Government of India**. A team led by **Alan Biju (3rd Semester)** emerged as winners, and their project was selected for **financial funding worth ₹14 lakhs by the Ministry of Jal Shakti, Government of India**, along with a **one-year implementation opportunity**. This achievement demonstrates the students' ability to develop **practical, scalable, and socially relevant engineering solutions** aligned with national priorities.

IEEE YESIST12 Grand Finale at IEEE UKM Malaysia

(Autonomous Institution Under VTU)

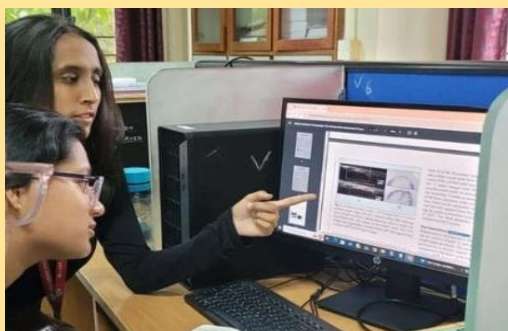

Yelahanka, Bengaluru -560119

ECE students have also demonstrated global competence by reaching the **IEEE YESIST12 Grand Finale**, held at **IEEE UKM, Malaysia**. Participation at this international platform reflects the department's encouragement of students to engage with **global professional bodies**, present innovative ideas, and compete at international levels. Such exposure significantly enhances students' technical confidence, cross-cultural collaboration skills, and professional outlook.

Project SkyPulse, has secured a prestigious USD 8,100 grant from EPICS in IEEE

Another remarkable student accomplishment highlighted in the presentation is **Project “SkyPulse”**, which secured a prestigious **USD 8,100 grant from EPICS in IEEE**. This funding supports the development of technology-driven solutions with a strong **social and humanitarian focus**, reinforcing the department's commitment to engineering for societal benefit. The recognition of this project underscores students' ability to integrate technical knowledge with real-world problem-solving.

Jayashree and Ananya received prestigious IEEE EMBS MSA INITIATIVE FUND of 2500 USD to conduct an Mediverse event

Further strengthening the department's achievements, students **Jayashree** and **Ananya** received the esteemed **IEEE EMBS MSA Initiative Fund of USD 2,500** to organize and conduct the **"Mediverse"** event. This achievement highlights students' leadership, organizational capability, and active involvement in professional societies such as the **IEEE Engineering in Medicine and Biology Society (EMBS)**. It also reflects the department's encouragement of student-led initiatives that bridge technology and healthcare applications.

- Developed ECQMS-Environmental and Climate Quality Monitoring System using Industry grade Sensors
- SYMBIoT-2025 National Level Hackathon – First Prize
- UVCE KAGADA 20 – Second Prize-Project Expo
- Shrishti National Level Project Expo–Second place, Acharya Institute of Technology
- SAMSUNG ANVESHANA – Third Prize
- AVISKARA-2025 Project Expo
- SYMBIoT-2025 National Level Hackathon – First Prize

CONGRATULATIONS TEAM SPATIKA

Inter college Project Exhibition at ATIME college of Engineering hosted by CEDA, IEEE Bangalore section and Mysore subsection

SECOND PLACE

Title - Smart Automated Feeding and Environmental Monitoring System for Sericulture

Date : 25/10/2025

Team Members
Tarun Patil - 1BY23EC103
Shi Srujan Hari T - 1BY23EC106
Harshitika K V - 1BY23EC049
Nithish K S - 1BY23EC052
5th semester, ECE Dept.

HARDWARE HACKATHON HELD IN BNMIT ON 29TH AUGUST 2025

Team: Signotech

Project name
Emergency vehicle detection system using acoustic fingerprint system, to control traffic lights

Team Members
B Suraj - 1BY24EC032
P Achyuth - 1BY24EC118
Gurudatt N - 1BY24EC053

SECOND RUNNER UP

ಬಿ.ಎಂ.ಎಸ್. ತಾಂತ್ರಿಕ ಮತ್ತು ವ್ಯವಸ್ಥಾಪನಾ ಮಹಾವಿದ್ಯಾಲಯ

BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT
(Autonomous Institution Under VTU)

Yelahanka, Bengaluru -560119

2nd runner up
Neo Nexus 36.0
(National level Hackathon
non-stop innovation challenge)
