DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING

1. Cooperative Learning – Quiz using Think Pair Share was conducted by Prof. Hamsavahini R and Prof Rashmi for 3rd semester students on November 9,2019. The activity was conducted to check whether the students have understood the concept of basics of computer architecture addressing modes and instruction sets of a computer system.

Participation of students in the activity

2. ASSIGNMENT AND QUIZ – Dr. Vijayalakshmi and Dr. Surekha G conducted this activity . Students of first semester had to submit the assignment and take up the quiz on FET, SCR and Oscillators. The activity was organised mainly to check the knowledge, analysis and capability of the students to answer the assignment and to attempt the questions given in the quiz individually.
3. Quiz/Test- Prof Asha G H conducted this activity for third semester students. The questions were chosen from previous competitive exams like GATE

Students taking up the written quiz
