2nd Semester

Department of M

Introduction

This report gives information about the Industrial Visit arranged by the Department of MBA for the students who are pursuing 2nd semester of MBA, as the visit is a part of the Curriculum for the department.

The objective of the visit was to gain practical insights into the innovation and incubation of start-ups and to learn more about the real-world technologies which can be adopted by a student to his/her prototype.

Conclusion

The visit provided the students with the practical knowledge about startups and the technologies, it led us to networking opportunities with many new things, we were explored to the working conditions of machinery with new innovation and technology, it enabled us to think advance and how to find a better solution to the different problem with innovative ideas and how to recruit the required capital through different government and non-government schemes.
