START EARNING! VFX UNLEASHED

3D RENDER UNLEASHED

12th June 2023 - 16th June 2023

OPEN COURSE

Mastering the Art of Video Editing,
3D Rendering and Visual Effects in 5 days

FACULTY COORDINATOR:

Prof. Shankar R, CSE | Dr. Sunanda Dixit, CSE
+91 9611616136 | shankar@bmsit.in

RESOURCE PERSON:

Mr. Kevin Philip
3D VFX Artist
Public Relations Director | Rotaract 3190

ABOUT THE COURSE:

This course on video editing, visual effects, and 3D CGI rendering offers students a comprehensive understanding of the intricate processes involved in post-production and digital content creation. Through a combination of theoretical knowledge and practical hands-on experience, participants will explore the artistry and technical aspects of video editing, mastering essential software tools, and techniques to transform raw footage into compelling narratives. Moreover, the course delves into the realm of visual effects, unraveling the secrets behind the creation of stunning visuals that seamlessly integrate with live-action footage.

Students will learn the principles of compositing, color grading, motion graphics and the basics of 3D rendering used in today's world, gaining the ability to enhance scenes and environments through digital manipulation. Additionally, the course introduces participants to the captivating world of 3D CGI rendering, where they will acquire skills in modeling, texturing, lighting, and animation to construct lifelike virtual environments and build their own 3D scenes.

ABOUT THE SPEAKER

MR. KEVIN PHILIP

A Professional 3D CGI Artist and a video editor with 7+ years of experience with advanced video editing skills and knowledge of the latest editing software, tools and techniques.
