

INDIAN CONCRETE INSTITUTE –STUDENT CHAPTER,

Department of Civil Engineering, BMSIT&M

INDIAN CONCRETE INSTITUTE:

Indian Concrete Institute is one of the leading professional bodies in India, catering to the professional needs of individuals and Organisations involved in Concrete. Being a non-profit Organisation, it is dedicated to the cause of Disseminating Knowledge on Concrete, to Promote Concrete Technology and Construction and to address the Research Needs of Concrete.

The ICI student chapter has been active in conducting various events since 2015. The following events have been organized by the ICI student Chapter and Department of Civil Engineering at BMSIT &M. Also, Dr. Jagadish Vengala, HoD, Civil Dept. is the member of Managing Committee, at ICI-KBC.

The INDIAN CONCRETE INSTITUTE (ICI) - Student Chapter was inaugurated by Er. S .A. Reddi and Dr.Nagendra, Chairman, ICI-KBC and Ms. Swapna Devendra, Secretary, ICI-KBC on 15th Sept 2015 at BMSIT&M.

- **Technical Talks on 15th Sept 2015**

An insightful technical talk on “Concrete and Bridges” was held by Er. S.A Reddi. Consecutively, another technical talk which was the need of the hour on “Environment, Health and Safety in construction” by Er.Madhukar B A was organised.

- **One day National Conference :Sustainability & Advances in Concrete Technology-SACT-2015, on 25th April 2015**

Six technical sessions on sustainable practices in concrete construction and technology were delivered by expert speakers from Industries and Academic field. The sessions were interactive and included various topics like sustainable construction, the changing paradigms in modern concrete and innovative construction materials in civil engineering, GGBS as construction material, precast construction and recent developments in Indian Standards relating to concrete.

- **CINNOVIL-2K16, 24th Feb 2016**

One-day departmental technical fest CINNOVIL’16 under the aegis of ICI was an attempt to make young minds acquainted technically and to develop their non-technical skills as well. More than 300 students actively participated in all the events in which 180 students were from 18 other colleges in and around Bangalore.

- ***One day National Conference on “ Advances & Trends in Civil Engineering”- ATCE-2017, to be conducted on 01st Sept 2017***

The ICI student chapter members have actively participated in the National Conferences organized under the aegis of ICI at various colleges such as RVCE, JSSATE, NMIT, GAT etc. Students have won prizes in events such as model making, Paper presentations and quizzes. The Student members actively participated at the recent event- Concrete Panorama and Deminar-2016 organized by ICI at NIMHANS Convention Centre in February 2016.

ICI Student Chapter at BMSIT&M is a platform for students to build civil-technical skillsets needed for the future.
