Report of the Two day workshop on “Scilab Programming”, held during 15-16th December 2014.

The two day workshop on “Scilab programming” organized by the department of Mathematics is held during 15th-16th December 2014. The two days had 43 registered participants belonging to various organizations in and around Bangalore.

A number of faculty members and students attended the various sessions out of interest, without registering.

Dr. N.G. Goudru proposed the welcome address during the inaugural function. The keynote address was delivered by Mr. Antony Christy Melson, Assistant Professor, Department of Mathematics, BMSCE, Bangalore.

Mr. Antony started the session with the introduction to Scilab followed by simple numerical calculations, built-in functions, Matrices, vectors, plotting on the first day. Second day of the workshop started with sub plotting, user defined functions and programming in Scilab.

All sessions were very informative and enjoyable. Using simple and interesting examples the concepts of Scilab was made understandable for all present by giving enough time for the participants. The presence of the resource person throughout the day enabled participants to interact and clarify their various queries in the subject and related areas.

The workshop concluded with a valedictory session during which participants gave their feedback and certificates were distributed. The participants in their feedback were highly appreciative of the session.
