

BMS INSTITUTE OF TECHNOLOGY AND MANAGEMENT

Avalahalli, Doddaballapura Main Road, Bangalore – 560064

OPEN COURSE - DAILY REPORT

Date: 12-02-2019

Department	Information Science and Engineering
Name of the Open Course	Microprocessor and Micro controller
Coordinator	Prof Mahalakshmi S
Total No. of Students	58

DESCRIPTION

First day of first session has been handled by Prof.S.Mahalakshmi, AP/Dept of ISE. She has briefed the students the importance of learning microprocessors and microcontroller and their applications in IoT. Then the session has been followed by explaining the architecture of microprocessors, registers and Assembly language Programming.

The second session of Day1 has been handled by Dr.Anupama , Dept of CSE. She has started explaining how to execute Assembly programs in MASM(Macro Assembler). Simple programs and their explanation was done. Then Participants were moved to lab to have hands on sessions on MASM software.

Simple programs like Movement of contents from one register to another, Displaying of strings and Addition of two numbers in ALP was practiced
